

My husand and I listen to Air 1 every day, in the car and at work. If Air 1 were to be displaced by an LPFM broadcaster providing other programming there would be no other comparable station available to hear the latest christian rock music. Air 1 provides quality, wholesome "alternative" music that offers hope and encouragement to a stressed-out, sometimes cold and lonely world. Air 1 is making a difference in the lives of hundreds of thousands of people who listen on FM translators. I personally could not stand to be without my Air 1 signal heard on 98.7.
